Canadian Airlines International Ltd.

Date: October 16, 1998

To Whom It May Concern,

It is with great confidence that we provide this reference for Mr. Sonit Kalia, Managing Director of Commodity Link Enterprises Ltd., for his outstanding contribution to a critical international procurement initiative.

In 1998, Mr. Kalia and his team at Commodity Link Enterprises played a major role as the appointed broker for Canadian Airlines in the sourcing of jet fuel (JP54). Their firm was instrumental in establishing a supply channel directly from PDVSA (Petróleos de Venezuela, S.A.), one of the world's most challenging and complex oil markets at the time.

Through careful coordination, in-depth market knowledge, and strategic negotiations, Mr. Kalia successfully secured both favorable pricing and reliable supply, which had a positive operational and financial impact on our aviation fuel procurement strategy.

His professionalism, commitment, and ability to navigate sensitive international trade environments were evident throughout the engagement. We are pleased to recognize the value his firm brought to Canadian Airlines during a critical period of our fuel sourcing operations.

We confidently recommend Mr. Sonit Kalia and Commodity Link Enterprises Ltd. as a trusted and capable partner in global trade and fuel brokerage.

Sincerely,
Donald E. Carty
